AudioFile Magazine 2018 Review:

"Narrator Anna Crowe's appealing voice captures California graphologist Claudia Rose ... she encounters "Maynard's Maniacs," who are outstandingly portrayed. Crowe depicts Maynard's housekeeper as a creepy gatekeeper ..."

Audiofile Magazine 2022 review:

"This four-thousand-year history of the Greeks ... is ably narrated by Anna Crowe. Her fluid descriptions ... are unhurried. Each historical event and era is carefully examined, explained, and analyzed throughout Crowe's professorial delivery."
