The minute I heard Zach's sample narration, I knew he'd be perfect for Quest of the Dreamwalker—and I was so right...Not only was he able to convey a wide range of voices and accents without dropping character, **his expressive reading puts you in the story in a way I only hoped was possible...** As a collaborator, **Zach is professional and personable.** He handles multiple-narrator projects with confidence...His work shines with enthusiasm and a passion for storytelling...I **highly recommend Zach to anyone who wants a narrator who cares about your story as much as you do."**

"The narrator was the perfect choice for this listen! A lot of the dialogue takes place inside Finn's head (because teenager) and Johnson does not miss a step. You hear the whiney put upon teen with his parents-just-don't-understand inner dialogue. You hear the wide-eyed optimism when he deals with his mentor and friends. Then, as Finn learns more of the truth, Johnson's narration eases us into Finn's growth. He was awesome."

Sarah Puckett and Zachary Johnson bring this all to life. Puckett is perfect as Aspen. She is a little hesitant at first but once her confidence is built, she comes out full force. Puckett uses her inflections to show the changes in Aspen and makes her change credible. Johnson is amazing as Maksim. He fits that alpha role and hold a bit of tenderness in his gruff manner. Love these two together and truly enjoyed the listen.

"The Millennial Way was a great listen. It was well-written and full of wise words and situations. This book was raw, straight forward, and good directional thinking. There are many examples and options for one's personal growth. Declan Wilson is a fab author. Zachary Johnson's narration was exceptional. Definitely recommended."

"It's my absolute pleasure to recommend Zach Johnson as an Audiobook narrator. I have contracted Zach as the narrator on several of my books over the last five years, and every project has been completed on time (or early), with little to NO changes needed before being released for sale. I have thoroughly enjoyed my time working with Zach and have come to know him as a truly valuable asset to absolutely any production team. He is honest, dependable, and incredibly hard-working. His knowledge of audio production and expertise in voice acting has helped to transform my work from the written format to a highly engaging audio presentation.

This was a wonderful story of two people who find themselves together and fighting through baggage and past history. It was beautifully performed by Allyson Voller and Zachary Johnson, both of whom I just discovered and am in love with their voices. They pack perfect intensity, filled with emotions that make you feel everything along with them. I can't say enough good things about this book.

★★★★★

"Narrator, Zachary Johnson, spits out his words, bullet like, with good intonation, perfect for the nature of the short story. His brisk delivery is excellent. The dialogue is good and the characters well plotted, given the brevity of the story and the considerable time spent on the action. Altogether, a fun and unusual story."
